

Technology & Differentiation

Advanced Agent Architecture

Clinical Document Parser

Extracts structured data from operative notes

Coding Agents

98% accuracy on CPT/ICD-10 code extraction

Payer Rules Engine

NCCI/MUE/LCD/NCD compatibility check

Insights Generator

Real-time KPIs and operational analytics

Competitive Advantages

98% Accuracy

Outperforms manual coding (82%) and competing solutions (90-94%) in blind tests

Agentic Intelligence

Specialized agents collaborate with explainable rationale for each code

Deep Integration

Native Epic/Cerner/RevElate integration with bidirectional data flow

Feedback Loop

Continuous learning from coder feedback and payer responses
